To the Electors of Victoria District, including Victoria City, Victoria District, Esquimalt and Metchosin.

GENTLEMEN:—In a short time you will be called upon to elect two members to represent you in the House of Commons, and as many electors have expressed to me a desire that I should offer myself as a candidate for that honorable position, I now solicit your suffrages assuring you that if elected, no effort on my part shall be spared to advance your interests at Ottawa or to assist in legislating for the advancement of the whole Dominion.

Politically I am in favor of giving a generous support to the present Canadian Administration, and should strongly advocate the national importance of the Railroad being terminated at Esquimalt. I shall urge the establishing of a Quarantine Hospital at once, the opening of an Immigration Agency at Victoria, the building of a lighthouse at the entrance to, and the Dredging of Victoria Harbor, I should endeavor if necessary to obtain an increased guarantee for the Dry Dock, and should point out the benefit and importance of completing the Railroad from the Pacific to Lake Superior, (at least) in the shortest possible time.

From present information upon the subject it appears there is little prospect of both Houses being in Session this year at the same time, but should it prove otherwise and should I be elected to the Commons, I should feel in honor bound, (although with great reluctance) to resign my present seat in the Local House and enable another representative to take my place.

I remain respectfully
Your obedient
Robert Beaven.

Cheap Cure for Great Diseases

HOLLOWAY'S OINTMENT

OLD SORES AND OLD SKIN DISEASES.
The seeds of these disorders are effectually expelled by this penetrating Unguent, not only from the superficial parts, but from the internal tissues likewise. Any case, even if of 20 years standing, speedily yields to its influence.
BRONCHITIS, DIPTHERIA, SORE THROAT, ASTHMA &c.
Rheumatism, and erysipelas may be overcome by frequently fomenting the affected parts in warm water, drying, and immediately applying this soothing Ointment. The same procedure applies equally well for curing sore throat, diptheria, bronchitis, asthma, tightness of the chest, and pain in the side, which instant treatment alone prevents degenerating into more serious maladies. The Ointment has the same derivative powers over chest complaints as a blister possesses, without causing pain or debility.
HEMORRHOIDS—PILES, AND ABSCESSES.
Thousands suffer severely for years from these annoying complaints through false delicacy. Let such purchase a pot of Holloway's Ointment, read the directions which accompany it, act upon them to the letter, and they will, without difficulty, succeed in obliterating every vestige of these harrassing ailments.
ACCIDENTAL INJURIES, INFANTILE AILMENTS
In cuts, bruises, sprains, burns, and scalds it will be found cooling, sedative, and healing. The part affected should be fomented in warm water, dried gently, and the Ointment should be instantly applied. This purifying Ointment may be safely used in all eruptions, chafings, and other cutaneous affections to which children are liable.
BAD LEGS, BAD BREASTS, OLD SORES AND ULCERS
By rubbing the Ointment round the affected parts, it penetrates to the tissues beneath, and exercises a wonderful power on all the blood flowing to, and returning from, the diseased part. The inflammation diminishes, the pain becomes less intolerable, the matter thicker, and a cure is soon affected. In all long standing cases, Holloway's Pills will thoroughly expel all depraved humors from the body.
GLANDULAR SWELLINGS. STIFF JOINTS.
This class of complaints yield without difficulty to the cooling and anti-inflammatory properties of this famed Ointment. It should be well rubbed over the affected parts, after due fomentation with warm water, It acts by stimulating the absorbents to increased activity, restraining ulceration, and promoting a free and copious circulation in the parts affected, and hence speedily and effectually ensuring a cure.
GOUT, RHEUMATISM AND PARALYSIS.
Gout and Rheumatism arise from inflammation in the parts affected,—to effect a permanent cure, adopt a cooling diet, drink plenty of water, take six of these famous Pills night and morning, and rub the Ointment most effectually twice a day into the suffering parts, and a cure is certain. The paralytic patient should take about three Pills twice a week, and let the Ointment be well rubbed into the paralyzed limb, which will, in a very little time, be greatly benefitted,—indeed many cures have been affected by this treatment.
ERUPTION ON THE SKIN.
In this class of complaints, no matter the age, the sex, or the place, or under what name, the disease may be classified, it may be cured if this Ointment be well rubbed into the system, and Holloway's Pills taken night and morning to purify the blood.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs	Fistulas
Bad Breasts	Gout
Burns	Glandular Swellings
Bunions	Lumbago
Bite of Moschetoes and Sand-Flies.	Piles
	Rheumatism
Coco-bay	Scalds
Chiego-foot	Sore Nipples
Chilblains	Sore-throats
Chapped Hands	Skin-diseases
Corns (Soft)	Scurvy
Cancers	Sore-heads

Do. over all 400 feet,
Width between copings 90 feet,
Do. on floor..... 46 feet,

Further particulars as to site, borings, &c., may be obtained from T. A. Bunster, Esq., Chief Engineer Government, upon application in writing to the Chief Commissioner of Lands and Works.
Tenders must specify the time within which the Dock will be completed, and must be accompanied by descriptive and descriptions showing cost of timber, pockets, sills, and mode of construction of proposed Dock.

The Government do not bind themselves to accept the lowest or any tender.
Each tender must be accompanied by a Bond for the Contractor, and two sufficient sureties, for the payment of £10,000 to Her Majesty, her heirs and successors, conditioned upon the due fulfilment of the tender which it accompanies, provided it be accepted within twelve months from the said 15th November.

The Daily Standard.

Dominion Summary.

[DATES TO JULY 12TH.]

The Ottawa *Free Press* says: "Political rumors indicate further changes in the Cabinet. Mr. James McDonald to succeed Mr. Howe, and Mr. Dacdougal to succeed Mr. Campbell. It is doubtful, however, whether any changes will take place for some time to come.

The Hon. Dr. Smith, for some time a member of the Legislative Council of Canada, died at his residence in Ancaster township, at the advanced age of 82.

We learn from St. John, the death of the Hon. George Luther Hatheway from injuries received when he incautiously stepped off a railway train in motion. Mr. Hatheway was born in 1814, and was consequently in the 58th year of his age. He had long taken an active part in politics, and at the time of his death was Premier and Provincial Secretary of New Brunswick. He was first elected in 1837 for York, and has since represented that constituency.

Hon. Mr. Blake has been nominated for his constituency by acclamation.

Hons. Messrs Holton and Dorion were given a banquet at Montreal on the evening of the 3d.

PRESCOTT CAMP, June 27—Sergt. McIntyre, of the Morrisburgh company, made 57 points out of a possible score of 60, at the butts yesterday. This splendid score included five bull's eyes at 600 yards. McIntyre has the reputation of being a good shot, and he has three sons about as good as himself. They have all carried off prizes from time to time at matches.

The emigration to Manitoba is assuming very large dimensions. The Manitoba *Liberal* of the 15th ult. mentions the arrival of quite a number of farmers, accompanied by their families, and bringing with them a large amount of stock as well as farming implements. It is said they are almost entirely from Ontario, though some are from the adjacent parts of Minnesota.

It is mentioned by *L'Evenement* of the 27th, that it is currently reported Sir John Macdonald has received the resignation of Mr. Howe; and it is also added that Mr. Campbell is to be made a Judge, and that the future Ministers are to be Messrs. Wm. McDougall and O'Connor for Ontario, and the Hon. J. Macdonald, of Halifax, for Nova Scotia.

KINGSTON, July 1—His Excellency the Governor General and suite arrived at Prescott Junction by special train from Ottawa at 9:30 a. m. to-day. A guard of honor, composed of 200 men from the 2nd Battalion, under Col. Buell, was drawn up on the platform and saluted His Excellency as he stepped from the train.

Death may truly be said to be reaping a rich harvest in Montreal, no less than 165 interments having taken place during the past week. The press of the city is beginning to realize their fearful rate of mortality, and calls upon the authorities to ascertain the cause and provide the remedy therefor.

The Niagara Camp was broken up on the 27th of June, and the others are probably over ere this. The new Governor General visited several of them. His Excellency and suite arrived in Ottawa on the 27th—his first visit to the capital.

The papers are taken up with long accounts of the doings at the respective camps. The elections are also engrossing the attention of all parties, and our exchanges are filled with lengthy reports relative to the same.

Inconsistency and Dual Representation.

EDITOR STANDARD:—The *Colonist* newspaper of the 21st inst., in a leading article professes to be opposed to dual representation upon principle, and objects to Messrs. R. Smith and R. Beaven as candidates for the Commons, on the ground that they are members of the Legislative Assembly, but at the same time admits that they have both spoken and voted against dual representation, consequently they have both done their utmost to abolish that system, but so far unsuccessfully, as the majority decided that the dual system should continue to be the law in this Province; that amongst other candidates for the Commons we find Mr. A. Bunster, voting in the Local House for the *continuance* of the dual system, and also Mr. H. Nathan in the Commons voting against a Bill introduced by Mr. Mills to render members of the Legislative Assemblies and Legislative Councils of the Provinces ineligible for sitting, or voting in the House of Commons of Canada, thus voting like Mr. Bunster to continue the dual system. Yet strange as it may appear, we find the *Colonist* (which professes to be so strongly opposed to dual representation that even personal friendship would go as nothing as against principle,) supporting Messrs. Bunster and Nathan, who have voted for the continuance of dual representation, and opposing Messrs. Smith and Beaven, who have done their utmost to abolish it. Inconsistency is too mild a term to apply to any public journal which descends to such a course. Mr. Beaven in his address states that he is prepared to resign his seat in the Local House if elected to the Commons, should the difficulties pointed out by the *Colonist* occur, but with his usual spirit of fairness, the editor omits to mention such fact. The other gentlemen have not expressed themselves so far, in print upon that point, but the simple fact that a member of the Legislative Assembly is a candidate for the Commons, does not prove that he would not work and vote to abolish the dual system; nor does it prove that he wishes or intends to occupy a seat in both houses; it is by words and votes upon this question, that we can judge either candidate before us.

ROBT. JENKINSON.

VICTORIA, B. C., July 24th, 1872.

Advice to Letter Writers.

Rev. Ward Beecher closes a characteristic article on letter writing with the following advice:

Do not begin a letter with an apology or an explanation. Time is precious. Letters are multitudinous. Men do not like to open and clean a letter, like a fish, before they can eat it. State your business in the first line. Then, when you have stated your business, you can go on, if you wish explanations and apologies, which the receiver can read or not, as he pleases. Thus, if one writes, "Dear Sir: I desire to borrow a thousand dollars, without interest or security," and add eight or ten reasons why, the receiver does not need to read further than the first line.

Never begin thus, "Dear Sir: You will be surprised to receive a letter from an entire stranger," etc. Bless your heart, one nowadays is surprised at anything else! Surprised! I am surprised when I do not get a peck a week.

There are a few rules which men should commit to memory, in corresponding with busy people:

1. Don't write at all.

2. When you can help it, be sharp, short, and legible.

3. When you write on your own business, pay for the answer.

4. When you want money, don't begin with pity or flattery. Beg first and be pious afterward.

5. Don't beg of any one with whom you are not personally acquainted. Die, but don't beg.

We wonder what induces David Green the clothier of Government street to advertise, as everyone is aware that he keeps the best fashionable made clothing store north of San Francisco.

THE ELECTIONS.—It is reported in Ottawa that the writs were all signed before the Governor left Ottawa, and that the dissolution would take place on the 16th inst. The London *Herald*, however, says:—"The writs are to be issued between the 1st and 15th of August, and returnable within forty days. This will terminate the whole of the elections during the month of September." There may be a trick in this announcement, says the Globe, of the postponement of the elections for a month. It is disgraceful that the Government should allow the public to remain in doubt as to the time of holding the elections. A French paper says the writs were to be issued immediately after the dinner at Peterboro' on the 9th July to the members of the Government, and that they were being prepared by the Clerk of the Crown.

THE NORTH PACIFIC arrived at 1 p. m, yesterday, with a large number of passengers, a lot of sheep, etc, and a small mail. Passengers are: Collector Drew, F Winslow, C. P. Wood and wife, Moore, Adams, Claflin, Kelly, Boughier, Mrs. Hallett and 2 children, Miss Judson, Mrs. Tucker, Capt. M. Blim and wife, Hyde and wife, Capt. Gove and wife, Jackson, Robinson, Vivian, Heatfield, R. Fulford and wife, Miss Pixley, Earl, Cleaves, Church, Montaro, Fletcherman, Rothschild, Martin, Mrs. Parsons, Hall, Rolin, Ames, Mill, McHear, Adams, Miss Meigs and daughter, Mrs Jennings, Miss Campbell, Kellogg, Mrs. Robinson and daughter, 5 Chinamen, and 5 Indians.

THE OTTAWA CABINET.—The Toronto *Globe* writes:—"The anticipated changes in the Cabinet have, it seems, been effected. Mr. Morris, a lawyer without legal practice or experience, quits the Inland Revenue department for the Chief Justiceship of Manitoba. Dr. Tupper gets a fresh slice of patronage as Inland Revenue Commissioner, and Mr. O'Connor has accomplished the purpose for which he joined the Catholic League, and made a show of opposition, by becoming President of the Council."

THE DAMAGES.—NEW YORK, July 20—The *World's* London letter says it is apparent that the argument of the British Agent before the Geneva Tribunal, under the Fifth Article of the Treaty, is a report of the Board of Trade relative to claims of the United States. After examining these claims, which were for a sum of $25,000,000, the Committee say that $8,000,000 will be sufficient to cover them.

END OF A CRUISER.—It is said that among the vessels belonging to the Sultan, destroyed by the recent terrific cyclone at Zanzibar, was the famous rebel cruiser Shenandoah. She had previously been purchased by that monarch, on account of her fine sailing qualities, and has thus closed an eventful history is rather a violent and sudden manner.

FROM SAN FRANCISCO.—The mail steamer California, Captain Hornsby, arrived at eight o'clock last evening, five days from San Francisco, with 70 passengers, 320 tons of freight, and 14 bags of mail. Northwest gales, with high seas, were experienced during the entire passage.

FATE OF COMMUNISTS.—The whole number of Communists convicted is 8,415. Of these, 73 were sentenced to death; the remainder were transported and imprisoned for various terms.

THEATRE.—Probably the greatest treat Victorians have had at the theatre for some years was the bill of fare served up by the Robinson Troupe last evening. The fast comedy entitled "The Follies of a Night," brought out some old faces whom we were pleased again to see. Mrs. Fulford and Miss Pixley were as charming as ever, and for a skipper commend us to friend Robinson. If his liquors as host of the Royal Admiral were as good as his acting, one can account for even the King's intemperance. Of course, the great sensation and success *par excellence*, was Vivian, who took the audience by storm. This comic genius led off with "Champagne Charlie," the greatest swell of the period we ever beheld. This well-known favorite was followed to loud *en cores* by four or five songs in response, all of which received well deserved applause. "Ten Thousand Miles Away" and "Bingen on the Rhine" displayed talents of a kind never before equalled in this city. C. D. W. Nesfield, who evidently ranks high as a musician, delighted all by his excellent vocal efforts. We recommend everybody to seize the opportunity to witness talent which is a pleasure for us to chronicle.

A BARK WRECKED.—The British bark Mary and Edith, Linklater, left Burrard Inlet, on February 25th, with lumber for New Caledonia. Made Cape Charlotte, New Caledonia, May 3d. When off the southwest point of Amere Island (May 4th), the vessel struck on a two-fathom patch. During the night it blew heavily from the southwest, the vessel being broadside on the rocks and thumping heavily. The crew landed on the island on the night of the 4th, and went off to the wreck again on the following morning, but found it impossible to save her as she was hard up and fast. A judgment was delivered by the President of the Chamber of Commerce, on the evidence, confirmed on oath, of Captain Linklater and his five companions; and the "non-navigability" of the Mary and Edith having been pronounced, the vessel and its cargo (wholly composed of timber for building purposes) was sold by public auction for the sum of 49,200 francs.

ARRIVAL OF THE SHIP PRINCE OF WALES.—A canoe arrived from Nitinat yesterday afternoon, bringing a letter to Mr. Grahame, of the Hudson Bay Company, from the captain of the ship Prince of Wales, informing Mr. Grahame that during a fog the ship entered one of the numerous little inlets of the southwest coast of the Island and near to Bonilla Point. She lay there becalmed and the services of a steamer to tow her out are requested. At the time of dispatching the letter the vessel had been at anchor for two days, and two days were consumed by the canoe coming here. The vessel lies in a perfectly safe place. The steamer Sir James Douglas will leave at two this morning to tow the Prince of Wales round to port.

NAVAL.—The Panama *Star and Herald* of 11th says: H.B.M. steam sloop-of-war Fawn, Captain Knevitt, last from the coast of Mexico, arrived in this port on the afternoon of the 8th inst. The Fawn brings about $400,000 in specie from Mexico for transhipment to Europe. She will remain here only a few days and then sail direct for Valparaiso. H.M. steamship Reindeer, Commander Kennedy, left Callao the morning of the 10th, for Arica. It is said she will meet there the Admiral, who will hoist his flag on board the Reindeer. The Admiral, it was expected, would come as far north as Arica in H M steamship Fawn, leaving the flag-ship Zealous at Coquimbo.

FROM THE EAST COAST.—The steamer Douglas arrived at 4:30 p. m. yesterday from Nanaimo and way ports, with a few passengers and a small amount of produce. The ship Germania had nearly completed loading at Nanaimo. On Wednesday a little child of Mr. Malcolm, of Nanaimo, was choked with a piece of raw carrot and died in a few minutes. The following were among the passengers: Rev. Mr. Derrick, Mr. and Miss Bates, Mr. and Mrs. Manley, Mrs. Westwood, Mrs. Parsons, A. Lindsay.

NAVAL.—H. M. S. Scout steamed out of Esquimalt harbor on Wednesday afternoon, and proceeded to Cordova Bay, where she came to anchor. This morning at 8 o'clock the Sparrowhawk will come to the entrance of this harbor, take the Lieutenant Governor and Hon. Mr. Creighton on board. The Sparrowhawk will then steam for the Scout and transfer the Governor and Attorney General on board, when the latter vessel will immediately sail for Skeena river.

MR. STEPHENSON.—Messrs. Wells, Fargo & Co. received by the California, yesterday, the official documents of the trial and conviction of Stephenson in San Francisco three years ago, and when he was sentenced to three years in the State prison for swindling Messrs. J. C. Merritt & Co. of $2,500. His photograph was also enclosed.

WE call attention to an advertisement in to-day's issue of valuable freehold property for sale in South Cowichan, being a farm of 150 acres. This property we consider well worth the attention of farmers wishing to change their location, or parties desirous of acquiring a valuable homestead.

THE PRIZE ESSAY.—Mr. A. C. Anderson of Saanich, has been awarded the $250 premium offered by the Government for the best Essay on the resources of the Province. Eight Essays were sent in; and those unsuccessful will be returned to the writers.

Career of a Forger.

[S. F. Bulletin]

In 1869 a man came to this city from Panama, and making his residence at one of the principal hotels, lived in style, gave dinners, and entertained capitalists and commercial men with visions of an independent line of steamers from Panama to San Francisco, connecting with a Royal line to New Zealand and Australia. He was an Englishman, beyond the middle age, and of great address. He gave the name of Thomas Stevens, and represented himself to be the agent of the Royal line, and succeeded in obtaining from a firm here $2,000. All at once he disappeared, and his fame followed close at his heels. The mild-mannered, plausible and insinuating old man was no agent, but a notorious English forger—a man educated for the ministry, but who took to a career of crime as if by natural gravitation. Of course when his true character was made known the firm which had paid him $2,500 began to be solicitous about the safety of their investment and anxious to see Stevens again. He had swindled people in London, Australia, and Panama, and they feared he intended also to swindle them. The case was intrusted to Capt. Lees, and the result was that Stevens was brought back from New York, which place he had reached by overland stage. Returned to this city he was indicted for stealing a sum of money from a woman and her daughter, who gave it to him to purchase them a passage ticket on one of the Panama steamers. Strenuous efforts were made to save Stevens, but he was convicted and sentenced to the State Prison for the term of three years. He served out his full term, and on being released returned at once to the practice of his profession. Making his way to Virginia City, he defrauded some persons there out of $500, and then made his exit and appeared again

IN VICTORIA.

In that city Stevens procured favorable introductions to prominent officials and leading business men, and success crowned his efforts. He exhibited a "bank account" with the London and San Francisco Bank, showing a large balance in his favor; drew a draft on Wells, Fargo & Co., for $1,200, and another on the Bank of British Columbia for $1,000, and hastened towards the wilds of Cariboo. But, he was overtaken, arrested and brought back to Victoria for trial. Captain Lees has sent to the authorities of Victoria a full record of Stevens' career and of his trial and conviction in this city, which the distinguished "capitalist" will not be pleased to see or hear read.

LATER.

NOT SWINDLED.—The Manager of the Bank of British Columbia says the report that his bank was defrauded by the notorious forger and swindler Stevens was incorrect. Another bank was the victim, and the amount obtained by Stevens was $1,500.

CLEARED.—The French bark Avenir, Pioche, cleared at San Francisco, on the 20th, for Moody's, Burrard Inlet.

THE Maude returned from Chemainus last evening, where she had been engaged towing logs to Sayward's mill.

NEW ZEALAND.

Arrangements for working the coalfield on the north side of the Firth of Thames are now almost completed, and fifty tons of coal are to be brought over at once to be tried at the various batteries. We stated several months ago that Messrs. Preece and Graham had purchased 10,500 acres of land at the Miranda, including the coal seam, and since then arrangements have been made to form a company to work the ground. The company has a capital of £40,000, and of this amount £30,000 of the stock will be held by English capitalists, and the remaining £10,000 will be held here.

The Provincial Council of Otago has carried a resolution against the Assembly interfering in the educational institutions of the Province.

The total value of exports was £3,411,787, of which Auckland contributed £198,889. The Hokianga imports were £2,049, and exports £1,148.

The Hawke's Bay *Herald's* Clyde correspondent writes, under date of May 31st: The missing expedition of Capt. On the 25th of May, a chief of the Arawas, named Pokahi, was presented by his excellency the Governor with one of the swords ordered by her Majesty to be given in acknowledgment of services rendered by native chiefs of New Zealand.

We hear of a slice of unwonted good fortune having befallen an Aukland settler, such as does not often fall to the lot of colonists. This lucky individual, who has been living at the Bay of Islands, has just received notice from England that he is the possessor of £300,000.

The quantity of gold exported from New Zealand, up to the 31st of March, 1872, was 6,427,875 ounces, worth £25,961,021. These figures are highly suggestive of the richness and extent of our gold fields. We may add that our quartz mining is only in its infancy.

A very disastrous fire occurred at Timaru on the morning of the 14th of May. The whole block of buildings on Beswick street, and a portion of the Southern Road were destroyed.

The Provincial Government of Taranaki have offered a reward of £1,000 for the discovery of a payable gold field within the Province. It is said that gold has been brought in by the natives.

European prospectors for gold have been turned back by the Ngatimaru natives, near New Plymouth, until the Government comes to terms.

NEW SOUTH WALES.

The new Parliament was opened by his Excellency, the Administrator of the Government (Sir Alfred Stephens) on the 1st inst. The speech announced that on the 26th ult Sir James Martin, on behalf of himself and colleagues, placed their resignation in the hands of his Excellency; but that they had consented to remain in office for the purpose of performing the business necessary for the opening of Parliament, and for obtaining the supplies to carry on the Government during the period required for the Ministerial elections. His Excellency congratulated the Parliament and the country on the state of the public finances. The revenue has increased very largely durring the first four months of the present year, being £79,000 in excess of the like term last year, and there is good reason for believing that during the remainder of the year that rate of increase will not only be maintained, but will be exceeded. Sir James Martin moved the adoption of an address in reply to his Excellency's speech, and in the course of his remarks in support of the motion, stated that William Forster had been entrusted with the task of forming a new administration. Henry Parker, however, moved an amendment to the address. The debate has not yet been concluded.

On Monday, the 26th, being the anniversary of the birthday of H. I. M. Alexander, Emperor of Russia, the ships of war at present in the harbor dressed ship; the Izoumroud, Russian corvette, fired a salute of 31 guns; H.M.S. Clio then fired a royal salute of 21 guns, which was repeated from Dawes Battery, and the compliment acknowledged by the Izoumroud again saluting with 21 guns.

Sergeant Sutherland, of the Crown mounted police, when returning from the assizes at Bathurst, was shot dead on Wednesday last, at the hut of a man named Horan, at Binnie creek, four miles from Cowra. The murderers took his horse and decamped. The police are in pursuit.

The Agricultural Society's Metropolitan Intercolonial Exhibition was opened, on the 30th ult., by his Excellency the Administrator of the Government. It has been pronounced to be one of the best shows yet held under the auspices of the society, and many thousands of persons have visited the Prince Alfred Park daily.

The American ship Queen of the East, 1,385 tons, Captain Stoddard, from San Francisco, under charter to load coals at Newcastle for Hongkong, was totally wrecked on an unknown reef near Middleton Shoals.

The extraordinary yield of gold at various mines have given great activity to mining operations. Companies for working gold, tin and copper mines are being formed daily, and the greatest excitement prevails throughout the colony.

VICTORIA.

Parliament was opened on the 30th of April. The speech of his Excellency the Governor proposed that an address should be sent to the Queen, offering the congratulations of the Legislature to her Majesty on the recovery of H R H. the Prince of Wales. It contained a promise that a bill should be introduced, called the Royal Mines Bill, the object of which will be to regulate mining upon private property, to provide for the inspection of mines, and to guard against accident in the working of mines. It is further stated in the speech that tenders have been invited for the construction of certain portions of railway, previously authorized by the Parliament. It is the intention to ask sanction for a further extension of the railway system. It is further proposed to form a department of agriculture.

The new Committee of the Chamber of Commerce met for the first time on Monday, the 29th ult., and, among other matters, discussed a suggestion from the Sydney Chamber that the several Governments should be asked to join in a subsidy to a Cable Company to lay down a submarine telegraph line from Java to Normantowa, as an alternative line to that now in course of construction by South Australia, and the cable connected with it. The last year's Committee of the Chamber deemed such a course unfair to the South Australian Government and the British American Telegraph Company, unless the land line and cable which they were providing, without any contribution whatever from the other colonies, should prove a failure; and the new Committee regarded their opinion to the same effect. They have therefore declined to take any action in the direction suggested by the Sydney and Brisbane Chambers until it has been demonstrated that the trans-continental line is incapable of properly serving the colonies.

The Assembly has agreed to an address of congratulation to the Queen, on the recovery of the Prince of Wales.

The reply from the Australian wool growers to the circular of the Committee in London, on the manner in which sales are conducted, has been published, signed by a number of the largest squatters in Australia.

In anticipation that there will be several competitors, the Council of Education in this colony has framed rules for the examination of female candidates who may desire to have the degree of Associate of Arts conferred on them. The step marks the progress of the time, while its effects will lead to a disipline which cannot be but productive of good. It is understood that even at the first examination more than one candidate will offer.

In the Assembly, Mr. Francis, as leader of the Opposition, moved an amendment on the address in reply to his Excellency's speech His principal objection was that no education measures had been provided by the Government. He remarked on certain threats uttered by Mr. Duffy in the country as to appealing to the people as unconstitutional. The debate has not yet terminated.

The new woollen mill company has commenced the manufacture of shawls, which are said to be equal in finish to English made shawls.

The Senate of the University has carried a resolution to the effect, "That no sufficient reason is shown why females should be excluded from the educational advantages of the University."

The value of the Victorian gold exported during 1871 was £5,423,687, or £531,906 more than in 1870.

QUEENSLAND.

The Parliament was opened on the 16th ult. by His Excellency the Governor. His Excellency's speech suggested that addresses should be agreed to by both Houses offering their congratulations to Her Majesty the Queen, on the recovery of H. R. H. the Prince of Wales. Serious attention is directed to the question of immigration, and to the desirableness of amending the Act at present in existence with reference thereto. An extension of railway and tramway communication is advocated, with a view of making access easy to districts which at present are difficult of approach; and it is further proposed to continue the Southern and Western line to such a point of the river (near to Brisbane) as may be considered most advisable. In conclusion, the Governor congratulated the Parliament on the continued progress of Queensland, the recent discoveries of tin and gold, and the enhanced value of the principal exports of the colony.

Mr. Vickery has offered the Government to construct a railway from Mount Perry to the coast by a private company on the land grant principle.

SOUTH AUSTRALIA.

The new Land Bill has been laid before Parliament. It throws the whole country into one agricultural area, fixes the price of all agricultural lands at not less than £1 per acre, allows six years for payment at 10 per cent. interest, with further extension of four years; it allows residence by a man servant, but gives the personal resident priority in selection, and the privilege of purchasing land earlier than substituted residents.

The Government, in reply to a deputation of teetotallers, promised to introduce, or support, a Permissive Liquor Bill in Parliament.

The Government has received a wire-message from Burton's Camp, Daly Springs, which is the furthermost point reached towards Adelaide by Patterson's party. The message states that the country is getting dry, and that the weather is clearing up. The work has been impeded by the wet season. The party are all right, and there has been little sickness or mortality.

In his place in Parliament, Mr. Ward has given notice of a motion to the effect that communication should be opened with Sydney and the other colonies in reference to concessions which it would be desirable to give for the construction of a trans-continental railway.

TASMANIA.

The half-yearly meeting of the Launceston and Western Railway was held in Launceston on the 16th ult. As was anticipated, the report was not considered very satisfactory; for, although in the statement of accounts of revenue and expenditure for the half-year ending on the 16th March, there is a balance shown in favor of revenue of £1,074, such a balance would seem to be not available to cover the value of some duplicates sent from England to the order of the Directors, between £700 and £800. The Directors had to obtain an advance outside of the Government of their bankers, and for which a lien had to be given over the goods in question. It is enquired, if there were such a large balance in favor of revenue, why the necessity of this borrowing?

California.

SAN FRANCISCO, July 20.—There is almost universal rejoicing here over the decision of Judge Louderback, dismissing the charge of assault to commit murder against Professor Auffrey, Edith O'Gorman's husband, and committing Ansbro for trial for libel, and Smith, alias Allis, for perjury. The required $5,000 bail for each defendant was given—for Ansbro by Phil. Meagher and Edward Nunan, and for Smith, alias Allis, by John Kelley, Jr., and Pat Robinson.

The Greeley Republicans and Democrats are at work very actively organizing in every ward in the city. The number of old line Republicans who are joining the clubs is much larger than was anticipated.

An infamous outrage which was perpetrated last night about midnight is being investigated by the police. While the parlors of the house of Miss Anne Woodward, on the corner of Pine street and Quincy place, were filled with company, male and female, a torpedo was placed in the hall on the Quincy place side, and fired, blowing the doors and windows out of the house, scattering the furniture, and making a complete wreck of the place. Strangely enough, no one was injured. The explosion startled everybody in that part of the city, creating the impression that another nitro-glycerine accident had occurred. There are two theories in regard to the affair: one, that it was prompted by jealousy, and the other that the people residing in the vicinity desired to give an impressive notice to move.

The committees appointed by the Committee of One Hundred and the San Francisco and Colorado River Railroad Company, with the view of uniting the two movements and constructing the line to the Colorado river under the charter of the Atlantic and Pacific Railroad, are at work with good prospects of a successful termination of the negotiation.

Senator Casserly telegraphs:

"WASHINGTON, July 15—Central Pacific bridge subsidy is postponed indefinitely. The completion of the road is San Francisco's only security for the future. (Signed)

"EUGENE CASSERLY."

The Republican County Committee has ordered a primary to be held on the 29th inst.

The Democratic Congressional Convention met to day, effected a temporary organization, and adjourned to this evening. It is understood that no nominations will be made at present, a majority favoring waiting the result of the pending conferences with the Liberal Republicans, looking to a union upon a compromise ticket.

There is some doubt as to whether the transactions of the Board of Equalization after next Monday evening will be legal, and the crowd is so great in consequence that it is impossible to get near the Clerk's office. The Board will sit until midnight, getting through work as fast as possible.

Sixty thousand dollars have been received in subscriptions to the Atlantic and Pacific Railroad stock within the last twenty-four hours, making a total of $350,000.

Deaths in the city this week, 54, of which 5 were from small-pox

The Democratic Congressional Convention, in session this morning, resolved to abolish the Congressional Committee and allow its duties to be discharged henceforth by the County Committee, and postpone the nominations for Congress at least until next Thursday evening. From statements by the speakers it is evident that the platform will be straight out on the railroad subsidy question.

A terrible affair occurred at No. 45 Jessie street this afternoon. Bridget Davies, aged 9 years, whose parents reside on the opposite side of the street, was playing in the house of John Murphy, when she was shot in the head with a ball from a Sharp's four-shooter, the bullet entering just above the left eye and causing instant death. Mrs. Murphy, who is only about 20 years of age, and but recently married, is charged with doing the shooting. Some children who witnessed the act say that she took the pistol from a drawer, pointed it at Bridget, and saying, playfully, "Bridget, I will shoot you," fired with fatal effect. Mrs. Murphy vehemently denies that she did anything of the kind, declaring that she was in another room when the pistol was discharged, and thinks the girl shot herself. The Coroner is holding an inquest. The general impression is that Mrs. Murphy did hold the pistol, but that it was discharged accidentally.

To the Electors of Vancouver Island District.

GENTLEMEN:—On leaving Ottawa it was my intention to withdraw from politics, but since my return home, I have been daily receiving from every quarter of the country the most urgent solicitations to again become a Candidate to represent your District in the Federal Parliament. After mature consideration I have acceded to the request of my friends, and have now the honor once more to solicit your suffrages at the coming election. In doing so I would state that it is not my intention to canvass the district, or wait personally on the Electors. My having recently spent considerable time in canvassing this extensive district, and business engagements this season renders my doing so impossible. As the electors are well acquainted with my political views on the leading questions of the day, as well as my public acts in Parliament last session,—if they under these circumstances think fit to return me again as their representative, I pledge myself to use my best endeavors to promote the local and general interests of the country. I shall also give the present Government the same hearty support that I did last session, for I am firmly convinced that by retaining in power the able Statesmen, who at present control [and] direct the affairs of this Dominion, we take the only sure means to advance the immediate and future progress and development of this Province. Everywhere in the Eastern portions of the Dominion, at present is to be witnessed the most marvelous progress, and prosperity, in every department of trade and industry, Agriculture, Commerce and manufactures were never before in such a flourishing a condition; all this in a great measure is the result of wise legislation, initiated and carried out by the present Government in whom I recognize the leader of the party of progress. And I hold it to be the duty of your representative to work with this Government in their endeavours to raise this Province to the like degree of vitality and prosperity.

The liability of the outlying settlements to frequent depredations by the Indians, calls for some measure of protection from the Government. I shall again urge upon the Ministry the necessity of employing an Armed Vessel for this purpose, believing that prevention is at all times better than cure, In conclusion I can only say that should I again have the honor to represent you in Parliament, whatever ability I may possess, will be devoted to the advancement and wellbeing of the whole country.

I have the honor to remain
Your obedient servant
ROBERT WALLACE.

DR. CHING FUN—A CARD—EDITOR STANDARD:—Through the medium of your paper I want to state the very great good that has been done me by Dr. Ching Fun of this city, next door Kwong Lee & Co. For 24 years I suffered with neuralgia on the brain, which baffled the skill of three first-class American physicians. Latterly bronchitis attacked my right lung, and my eyes became wholly inflamed. Despairing of ever being cured I proceed myself as a last resort in the hands of Dr. Ching Fun, and after five months treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit and find relief.

Respectfully,
